

RIOU vzw

Invitation

To : next AMICE site visit

In : the Belgian Ardennes

What ? : Riou's WP2 investment

When ? : Friday October 1st 2010

Where ?: Saal HEINDRICHS - St.Vither Strasse 93 - 4770 BORN

Aims :

- ✚ discovering Riou's WP2 investment on the roof of Belgium ;
- ✚ exploring the upstream part of two very beautiful and very different tributaries of the river Amel/Amblève ;
- ✚ getting acquainted with Riou's local partner and its activities in the regio ;
- ✚ getting a taste of the collaboration between several AMICE partners ;
- ✚ having a nice day together.

Draft agenda :

- ✚ 10.00 : coffee and registration
- ✚ 10.30 : welcome
- ✚ 10.45 : through a series of short lectures you'll get an overview of the project's different aspects at different scales. Just sit down, travel with us through the region and discover how it is connected to the world.
- ✚ 12.00 : lunch
- ✚ 13.30 : start of site visit to the Emmels and Rechterbach valleys : restored fens ; butterflies ; beaver activity ; bog woodland with birch ; small sources and of course the different monitoring stations. Wild and wet and hopefully without the typical rain !
- ✚ 16.30 : end

Full agenda comes after registration.
We're sure you don't want to miss this, so please register right now by sending back the registration form.

See you in Born on October 1st !
