

Other threats

- Dams and River diversions
- Illegal hunting
- Tourism
- Overgrazing
- Conversion of wetlands and peatlands

Saving Wetlands Sky High

- Wetlands inventory
- Establish the effects of climate change, locally and downstream
- Wetlands conservation: Ramsar sites, regional initiative (Himalayan Wetland Initiative), finance PAs
- Sustainable use: decrease overgrazing, sustainable tourism
- Awareness among local partners and governments

Other threats

- **Ardennes and Himalayas: two important 'hilltops'**
- **CC, local effects and downstream effects**
- **Ardennes advanced and detailed hydrological and vegetation studies**
- **Restoration, less conservation**
